

## ST175 TWIN FOAM LANCE WITHOUT NOZZLES

### PRODUCT DESCRIPTION

St175 660mm twin lance which is fitted with the new st58 switch valve and st75 foam lance. The st58 stainless steel switch valve allows the user to turn the valves plastic grip 90° to direct the flow of water, rather than use the 'roll over' method of twisting the whole lance 180°. The st75 foam lance incorporates the air intake venturi, foam diffuser and external foam nozzle all in one lightweight, but robust plastic body. 1/4f inlet. 1/4m high press nozzle not included. For the st75 internal nozzle size, please advise the flow rate and press of the machine on which it will be fitted.
